

# Model:2680A

## Feature

Super stronger flexible hose made in Europe.

Super stronger motor made in Europe.

Durable structure design competent for long time spray, remain keep stable reliable quality.

Equipped with a flexible hose with a directing handle on the nozzle lets you spray into hard to reach areas such as between kitchen cabinets, under carpets, above ceilings, and into ducts.

Equipped with an infinitely adjustable flow regulator can get required flow rate and fog droplet size.

## Application

The machine can spray all chemicals, such as insecticides, pesticides, disinfectants, deodorants, odor neutralizers, used for pest control, farm disinfection, air disinfection, eliminate virus etc.

## Technical Specification

Electrical motor	800W, 220V AC /50Hz(Optional)
Nozzle	Swirl nozzle
Particle size	5-50 $\mu$ m, adjustable
Flow rate	0-24 L/h, adjustable
Tank capacity	6 L
Dimensions (L $\times$ W $\times$ H)	480 $\times$ 215 $\times$ 245 mm
Weight, empty	4.0 Kg
Dimensions (L $\times$ W $\times$ H), (shipping data)	580 $\times$ 300 $\times$ 325 mm
Weight, empty (shipping data)	5.0 Kg
